### CO-OPERATIVE ASSOCIATIONS ACT

No. 959 (Co-op.).

I HEREBY CERTIFY that the Norman Bethune Co-operative Housing Association, incorporated on the 17th day of April 1974, under Certificate 959 (Co-op.), has, pursuant to *Co-operative Associations Act*, altered its objects by amending paragraph 3 of the memorandum of association to read as follows:

The objects of the Association are:

(a) To promote continuing co-operative housing associations, co-operative building groups, and generally to promote improvements to housing conditions in British Columbia;

(b) To provide housing accommodation of any class or kind for persons, at least the majority of whom are members of the Association, who will occupy the housing accommodation otherwise than as owners, and who if members of the Association have subscribed for shares of the Association equivalent to the capital value of the unit of accommodation which

they occupy or intend to occupy, and, without limiting the generality of the foregoing, for that purpose, to own and to buy, sell, lease, exchange, acquire, and dispose of, and to construct, renovate, remodel and repair, and to operate, manage, and maintain lands, buildings, and chattels for residential purposes and uses ancillary thereto for members and other persons to whom the Association provides or intends to provide housing accommodation;

(c) Subject to the *Co-operative Associations Act*, to enter into partnership or joint ventures with, to lend money to, to guarantee or become surety for the indebtedness or obligations of any corporation organized on a co-operative or non-profit basis.

The objects specified in each paragraph hereof shall in no way be limited by reference to or inference from the terms of any other paragraph or the name of the Association and the Association shall have as ancillary and incidental those powers granted by the *Co-operative Associations Act* as may be amended from time to time.

(a) Save as herein provided (i) no part of the income of the Association shall be payable to or otherwise available for the personal benefit of any proprietor, member, or shareholder of the Association; (ii) no part of the assets or property of the Association may be paid or distributed to the members of the Association during the existence of the Association or upon a winding-up or dissolution; (iii) no dividend shall be paid by the Association in respect of shares:

(b) The Association, upon a person ceasing to occupy housing accommodation provided by the Association, may pay to that person (i) the amount paid on account of shares of the Association; (ii) an amount which bears the same ratio to the amount paid on account of shares of the Association as the amount of any increase of the Canadian city average of the Consumer Price Index of Statistics Canada or any successor or substituted index or agency (the Consumer Price Index) from the date on which the person commenced to occupy housing accommodation pursuant to his lease to the first day of the month immediately preceding the date of the person's application to withdraw from membership in the Association bears to the Consumer Price Index on the date on which the person commenced to occupy housing accommodation provided by the Association. If the form, basis, or method of reporting of the Consumer Price Index shall be changed so that any calculation under this clause (ii) cannot be made on a consistent basis then there may be substituted for the Consumer Price Index an index certified by the auditor of the Association to be an adequate and consistent basis for the calculation of the amount permitted to be paid under this clause; (iii) the actual cost, less depreciation as determined by the directors of the Association at the date of the person ceasing to occupy a unit of housing accommodation provided by the Association, of approved improvements to the unit of housing accommodation occupied by the person to an amount not exceeding 10 per cent of the value of the unit, as determined by the directors of the Association at the date the person ceases to occupy the unit of housing accommodation;

(c) The Association may make (i) an allocation in proportion to patronage in relation to the amount paid for housing accommodation provided by the Associa-

tion so long as such allocation is made at the same rate in relation to the amount paid for housing accommodation to all persons who paid rent to the Association in proportion to the amount of rent so paid by the persons without regard to whether those persons are members of the Association or not; and (ii) a distribution of surplus by way of an adjustment or reduction of rental paid or payable with respect to accommodation provided by the Association so long as the distribution is made to all persons in the same proportion as rent is paid or payable by those persons for the accommodation without regard to whether those persons are members of the Association or not:

(d) Nothing in this section shall prohibit the Association from paying any bona fide indebtedness and interest thereon to any proprietor, member, or shareholder:

(e) (i) No payment made by the Association to a member, whether by way of allocation in proportion to patronage, by way of payment of any indebtedness or otherwise shall be made by way of issue of shares of the Association to the member; (ii) no payment by a member to the Association by way of rent or for services shall be credited, in whole or in part, on account of the purchase of shares of the Association.

#### APPLICATION FOR PERMIT UNDER POLLUTION CONTROL ACT, 1967 (Emissions)

*Preamble*—Afton Mines Ltd. (N.P.L.) plans to develop a 7,000-ton-per-day open-pit copper mine and milling operation 9 miles west of Kamloops adjacent to Highway 97.

It is intended that tailing waste be disposed of by impoundment behind a dam constructed of waste rock and raised each year as the work proceeds. The tailings slurry will be transported to the impoundment area through a pipe-line 1½ miles in length.

Any free water excess which seeps under or through the tailings dam will be temporarily held behind an auxiliary dam and returned to the tailing pond. Thus there will be no discharge from the tailing impoundment.

Afton Mines is applying to the Pollution Control Branch for a permit to cover emissions from the mine-mill concentrate complex.

THIS APPLICATION is to be filed with the Director, Pollution Control Branch, Parliament Buildings, Victoria, B.C. Any person who qualifies as an objector under section 13 (3) of the *Pollution Control Act, 1967* may, within 30 days of the date of application, or within 30 days of the date of publication in *The British Columbia Gazette* or in a newspaper, or, where service is required, within 30 days of the serving of a copy of the application, file with the Director an objection in writing to the granting of a permit, stating the manner in which he is affected. Those who do not so qualify may file with the Pollution Control Board an objection in writing under section 13 (6), in the same manner and time period as described above.

Afton Mines Ltd. (N.P.L.), of 1199 West Hastings Street, Vancouver, B.C. V6E 2K5, hereby applies to the Director for a permit to discharge or emit contaminant(s) into the air from a copper mining and milling operation located 7 miles west of the junction of the Trans-Canada Highway and Highway 5, and gives notice of application to all persons affected.

The land upon which the works are located is 450 acres, more or less, encompassing part of Sections 26, 34, 35, and 36 of Township 19, Range 19, W6M.

The discharge or emission shall be located at buildings on the site.

The rate of discharge is (dry basis):  
(a) Maximum, 66,000 SCFM; duration, two hours a day; frequency, variable.  
(b) Average daily (based on normal daily operating period), 47,000 SCFM.

The operating period during which contaminant(s) will be discharged is continuous.

The characteristics of the contaminant(s) to be discharged are to meet Level A objectives for particulate and gaseous emissions for the mining, mine milling, and smelting industries (all emissions less than or equal to 0.100 gr/SCF total particulates).

The type of treatment to be applied to the contaminant(s) is bag houses and scrubber for particulate-bearing air streams.

I, J. P. Logelin, Secretary-Treasurer, hereby certify that a copy of this application has been received by the Thompson-Nicola Regional District.

This application, dated on the 4th day of December 1975, was posted on the ground in accordance with the Pollution Control Regulations.
